The annual programme aims to support teachers and students by ensuring high-need schools get the opportunity of quality education through enhanced learning materials and resources. To promote the learning of Science, Technology, Engineering and Mathematics in schools, Caltex raised RM250,000 worth of funds from July to October to fund learning materials for classroom projects in high-need schools. This year, the annual programme was held in partnership with MyKasih Foundation and has supported more than 10,000 students in both Pahang and Kelantan schools.
