

Hypermart going to Kelantan

2009/08/22

KUALA LUMPUR: Giant is to open a new hypermarket in Kota Baru in the middle of next month, the first by the hypermarket operator in Kelantan and fourth in the east coast.

"We are hoping to open more stores in Kelantan. This will be based on the support we are going to receive from this new hypermarket," said Ho Mun Hao, the Marketing Director of GCH Retail after launching the Cashless Aid Distribution System yesterday.

The new system enables the poor to buy groceries in two Giant hypermarkets in Bandar Kinrara and Jinjang by using their MyKad. -- Bernama
